

APPROVAL CERTIFICATE

EASA.21J.605

Pursuant to Regulations (EU) 2018/1139 and (EU) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

Pankl Aerospace Systems Europe GmbH

**High-Tech-Park 1
A-8605 Kapfenberg
Austria**

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J.

CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference MMH-3-003 , in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the **European Union Aviation Safety Agency,**

Terms of Approval

Design Organisation Approval Certificate

EASA.21J.605

1 Scope

This Design Organisation Approval is applicable for the scope defined in Annex A for design work with regard to the airworthiness, operational suitability and environmental characteristics of the products.

2 Privileges

- a) (Reserved)
- b) (Reserved)
- c) The holder of this design organisation approval shall be entitled, within the scope of this terms of approval, and under the relevant procedures of the design assurance system:
 1. to classify changes to a type-certificate or to a supplemental type-certificate and repair designs as “major” or “minor”;
 2. to approve minor changes to a type-certificate or to a supplemental type-certificate and minor repair designs;
 3. (Reserved);
 4. (Reserved);
 5. to approve certain major repair designs under Part 21, Section A, Subpart M to products or auxiliary power units (APUs);
 6. (Reserved);
 7. (Reserved);
 8. (Reserved);
 9. (Reserved);

3 Obligations

The holder of this design organisation approval shall, within the scope of this terms of approval:

- a) maintain the handbook required under point 21.A.243 in conformity with the design assurance system;
- b) ensure that this handbook or the relevant procedures included by cross-reference are used as a basic working document within the organisation;
- c) determine that the design of products, or changes or repairs thereto comply with the applicable specifications and requirements and have no unsafe features;
- d) provide the Agency with statements and associated documentation confirming compliance with point (c), except for approval processes carried out in accordance with point 21.A.263(c);
- e) provide to the Agency data and information related to the actions required under point 21.A.3B;
- f) (Reserved);
- g) (Reserved);
- h) designate data and information issued under the authority of the approved design organisation within the scope of its terms of approval as established by the Agency with the following statement: "The technical content of this document is approved under the authority of the DOA ref. EASA. 21J.605".

Annex A

Scope of work

		TC	STC	major changes	minor changes	major repairs	minor repairs	flight conditions	permit to fly
Large aeroplane									
	Cabin								
	Cabin interiors								
	Cargo compartments								
	External schemes, placards and markings								
	Flight deck interiors								
Structures									
	Fuselage								
	Wings								
Small aeroplane									
	Cabin								
	Cabin interiors								
	Cargo compartments								
	External schemes, placards and markings								
Flight deck interiors									
Large and small rotorcraft									
	Cabin								
	Cabin interiors								
	Cargo compartments								
	External schemes, placards and markings								
Flight deck interiors									

Legend:

	Title for category of product
	Title for design scope
	Title for design area

	Within scope
	Outside scope

List of products

[not applicable]

Limitations

Limitations common to all products and activities

The privilege under paragraph 2(c)(5) is limited to the approval of the design of major repairs to products for which it holds the supplemental type-certificate.

Changes which impact the products environmental characteristics are excluded.

Changes impacting Operational Suitability Data are excluded.

Development of SW/AEH with IDAL A, B and C are excluded.

Rotor drive systems are excluded.

Design activities requiring flight testing are excluded.

Product	Limitations particular to each product
Large aeroplane	<p>For non-TCH activity:</p> <p>None</p>
Large rotorcraft	<p>For non-TCH activity:</p> <p>Flight Deck Interiors limited to:</p> <ul style="list-style-type: none"> - minor changes of Flight Deck placards and marking (Underwater emergency exit placards and emergency exit signs are excluded) - minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate and painting) <p>Cabin Interiors limited to:</p> <ul style="list-style-type: none"> - minor changes of Placards and marking (Underwater emergency exit placards and emergency exit signs are excluded) - minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate) <p>Cargo Compartments limited to:</p> <ul style="list-style-type: none"> - minor changes of Placards and marking (Underwater emergency exit placards and emergency exit signs are excluded)

Small aeroplane

For non-TCH activity:

Flight Deck Interiors limited to:

- minor changes of Flight Deck placards and marking
- minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate and painting)

Cabin Interiors limited to:

- minor changes of Placards and marking
- minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate and painting)

Cargo Compartments limited to:

- minor changes of Placards and marking

Small rotorcraft

For non-TCH activity:

Flight Deck Interiors limited to:

- minor changes of Flight Deck placards and marking (Underwater emergency exit placards and emergency exit signs are excluded)
- minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate and painting)

Cabin Interiors limited to:

- minor changes of Placards and marking (Underwater emergency exit placards and emergency exit signs are excluded)
- minor changes and minor repairs of Interior Refurbishment (including carpets, seat covers, seat belts, seat cushions, decorative laminate and painting)

Cargo Compartments limited to:

- minor changes of Placards and marking
